to

EAST-TURKANA (MARSABIT COUNTY)

THE CRADLE OF HUMANKIND

While both tours take you up to Lake Turkana, the “Jade Sea”, the 8-day-tour reaches as far North as Loiyangalani and emphasises mainly on anthropological and cultural aspects. The 12-day-tour goes up to Koobi Fora and Illeret (TBI) at the Ethiopian border, meaning into the “Cradle of Mankind”, where you will be confronted with the development of our early ancestors from Australopithecus to Homo Sapiens, besides of meeting with the various ethnic groups living a difficult life as pastoralists in Marsabit County. On both tours you visit the largest Desert Lake in the world, the largest Salt Desert in East Africa, and you meet with the smallest ethnic group in Africa. If you join TEKWA on one of their exciting, adventurous and scientific tours through East Turkana, led by our professional Swiss guide, a historian, we are sure you will have
